

DANCE

On Tuesday this week Amelie put her hand up during group sharing time to ask if she could teach us how to dance. I invited Amelie to come and stand in front of the group where she began to show us her graceful dance movements. This led into a discussion about dance and I shared with the children that I had some dance ribbons which we could use the following day.

These are some photos of Amelie with her peers the next day dancing to classical music inside.

Today we took the ribbons outdoors with the ipad music. Maryam asked if we could play 'Disney' music. The group of children playing took turns to choose a favorite song for us to dance to. We had frozen, Ariel, The Greatest Showman, Lion King, Moana.
